

AI Use Declaration

The use of generative AI tools in this assignment should comply with your instructor's guidelines and your institution's academic integrity policy.

Please indicate if, where, and how you used generative AI during the preparation of this assignment. Transparency about AI use does not automatically constitute academic misconduct. The purpose of this declaration is to document the role of AI in your work.

Contribution Area	AI Tool(s) Used	Description of Use / Compliance with Good Academic Practice
Topic selection and project planning		
Literature search and review		
Data collection		
Data cleaning and preprocessing		
Programming / Coding		
Data analysis		
Interpretation of results		
Figures, tables, and visualizations		
Writing first drafts		
Language editing (grammar, spelling, style)		
Translation		
Other (please specify)		

Student Declaration

☐ No generative AI tools were used in preparing this assignment.

☐ Generative AI tools were used as documented above. I confirm that:

- I critically reviewed and verified AI-generated content before incorporating it into my work.
- I take full responsibility for the final submitted assignment.
- The use of AI complies with the course guidelines and the institution's academic integrity policy.
- All sources, including AI tools where required, have been acknowledged appropriately.

Representative Prompt(s)

If generative AI was used for substantial contributions (e.g., writing, coding, data analysis, or interpretation), please provide one or more representative prompts below.

AI Tool	Representative Prompt(s)

Student Name: _____

Date: _____

Signature : _____
